PROFILE

As a full-stack web developer, I am enthusiastic about learning new things, have a sharp eye for detail and can work unsupervised to produce excellent results, as well as be an outstanding team player.

EXPERIENCE

Full-stack Developer - Full time

Since June 2021 -- Weelite Ste./ Agadir

- Participated in the design and creation of scalable software.
- Wrote clean, functional code on the front- and back-end.
- Tested software to ensure responsiveness and efficiency.
- Wrote effective APIs.
- Developed and executed project plans for deployments, upgrades, migrations and staging.

Full-stack Developer - Internship

March - Mai 2021 -- Hanix affaires/ Agadir

Designed and developed a web/portal application with role-based security.

Fixed bugs in existing websites and implemented enhancements that significantly improved functionality and web speed.

PROJECTS

Feel free to check out my portfolio for details on each project I've worked on as a Freelancer.
